TO SEE
YOU THERE!**

INEEL Information Fair May 17

Please attend the INEEL Information Fair on May 17 from noon to 9 p.m. at the Bennion Student Union Building (University Place) in Idaho Falls. This will be an opportunity for you to tell us what you think about the INEEL's nuclear and national security initiatives, environmental cleanup, the types of wastes managed at the Site, and what is being done to protect the Snake River Plain Aquifer and other resources.

Come meet the INEEL staff responsible for doing the work; look at the many displays; experience the hands-on items; attend public meetings; and provide your thoughts on what we're doing well and what needs improving. Representatives from the Idaho Department of Environmental Quality, U.S. Environmental Protection Agency, and United States Geological Survey will also be participating.

Attend the following meetings throughout the day:

- Early cleanup actions -- accelerated cleanup -- 2:30 p.m.
- Future of cleanup at the INEEL -- 4:30 p.m.
- Nuclear energy -- research and development mission -- 6:30 p.m.
- Retrieval of buried transuranic waste from the Radioactive Waste Management Complex's Pit 4 -- 7:30 p.m. (A court reporter will be present to record comments during an official comment session.)

Location

Bennion Student Union Building
1784 Science Center Drive
Idaho Falls
