Re: Request for Clarification on the No Action Designation for the MISC-016 Site
under the Federal Facility Agreement and Consent Order

Dear Mr. Jensen:

The U.S. Environmental Protection Agency, (EPA) has reviewed the information provided on MISC-016. Based on this information, EPA has determined that this site should be designated as a No Action Site and not have been designated a No Further Action Site as EPA earlier recommended in it's September 2001 decision statement.

If you have any questions regarding this letter please contact Matt Wilkening at 208/378-5760.

Sincerely,
